

St Ambrose College History Society Second Year

Unit Six

Manchester Heroes

For this unit you will complete your own research into an individual from Manchester or the North West of your choice. The next eight lessons and all homework will be spent, completing you research, making notes and writing up your project. You are expected to identify your own resources by using the library and local library to access relevant books. You will also be expected to visit sites of local interest and include relevant information such as photos in your project. Discuss the individuals suggested on the list with your parents as they may have other ideas or resources. Try to arrange a visit to a relevant sight at a weekend.

The title of the project is:

What impact did the work of x have on twenty first century?

Your project should include

- A front cover
- A contents page
- Relevant sections
- Conclusion
- Bibliography

Your project will be marked in the following way

- | | |
|---|----|
| • Content (relevance, extent, range) | 10 |
| • Analysis (links to the questions) | 10 |
| • Presentation (including layout, illustrations and bibliography) | 5 |

Total	25
-------	----

Manchester Heroes

Below are a number of individuals who have made an impact on the Twentieth First Century and suggestions of places to visit. If you would like to chose another individual discuss this with your

teacher. When making your choice, discuss this with your parents as they may be able to help with your choice, suitable resources and help you arrange a visit
